

Dear Parent or Guardian,

The Healthy Schools Act of 2002 was signed into law in September 2000 and requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives. Additional information is attached.

Parents or guardians may request prior notification of individual pesticide applications at the school site. Beginning in November of 2001, people listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below (one form per family only) and mail it to: PVSD 4575 Alpine Road, Portola Valley, CA 94028.

(PLEASE NOTE: If you requested notification last year, the information is still on file and you do not need to send an additional request.)

REQUEST FOR INDIVIDUAL PESTICIDE APPLICATION NOTIFICATION
Portola Valley School District

I understand that, upon request, the school district is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at the school sites.

I would prefer to be contacted by: E-mail U.S. Mail Phone
