

Agenda Item Details

Meeting	Sep 24, 2020 - Regular Meeting of the Governing Board
Category	6. BUSINESS INFORMATION/ACTION ITEMS
Subject	D. 7:00 P.M. Review Academic Calendar Year Options for 2021-22
Type	Discussion, Information

INFORMATION

In anticipation of Measure Z related construction at our two school sites over the next two years, the administration is providing a draft calendar option for the next two school years, 2021-22 and 2022-23. By establishing school start/end and holiday dates well in advance, it will help with the construction scheduling process, as well as provide timely information to the PVSD families so they can make plans accordingly. As of the publication of this agenda, the 2021-22 calendar for the Sequoia Union High School District is not available, so the 2022 and 2023 Spring Break dates cannot be considered at this time.

Construction is planned to start in the Spring of 2021. Construction is estimated to last about 18 months. Therefore, the 2021-22 school year reflects a later start date than usual. We also hope to end the school year earlier in 2022 (and start later in 2022-23 to wrap up construction). This additional time during the summer breaks is another measure to help minimize the impacts of construction while students are on campus.

[DRAFT Calendars](#) for 2021-22, and 2022-23
