

Meeting date: December 5, 2018

Item 4. D. Facilities Master Plan, and Post-Election Update

Presented by: Superintendent Eric Hartwig and CBO Connie Ngo

Classification: Business of the Organization

Materials attached: Yes

INFORMATION

Information

Since the passage of Measure Z at the November 6, 2018 general election, staff have been laying the groundwork to carry out the projects described in Phase 1 of the District’s Facility Master Plan. There are two major efforts underway that will enable the district to start work on the projects:

1. Assembling the team of professionals who will design and manage the construction of new facilities. Superintendent Hartwig will report on progress in this area.
2. Taking the steps necessary for the District to obtain funding for construction through the issuance of bonds approved by the voters in the Measure Z election. Chief Business Official Connie Ngo will report on progress in this area.
